About this Report

This is the second annual Performance-Based Incentives and Recognition Report produced by the Washington State Department of Personnel (DOP). Engrossed Substitute House Bill 2049, enacted in 2009 and codified in RCW 41.06.133(4), mandates this annual report.

This report presents information for Executive Branch agencies only. It does not include information about Higher Education institutions, the Judicial Branch, or the Legislative Branch. Data for Executive Branch agencies include both permanent and non-permanent employees.

Data is presented on a fiscal year basis (July 1 through June 30), unless otherwise noted. This report focuses on FY 2010, with comparison to previous fiscal years where applicable. The primary source of the data is the DOP Human Resource Management System (HRMS), which is the central personnel and payroll system for state agencies.

Executive Summary

Background

Engrossed Substitute House Bill 2049, enacted in 2009 and codified in RCW 41.06.133(4), requires the Department of Personnel (DOP), in cooperation with state agencies, to report annually to the Governor and the Legislature the following information:

- Number of State Employees: The number of classified employees, including Washington Management Service (WMS), the number of exempt employees (hereinafter referred to as “at-will”) in each agency, and the change compared to the previous report;
- Performance-based Incentives and Recognition: The number of bonuses and performance-based incentives awarded to state agency employees, the base wages of those employees, and the cost of each recognition or incentive awarded.

For purposes of this report, DOP interprets “bonuses and performance-based incentives” to mean cash awards or lump sum payments that appointing authorities have discretion to grant to employees in recognition of special job performance, outstanding achievements, and special accomplishments. Such payments do not become a permanent addition to base pay.

A moratorium on monetary performance awards was effective February 15, 2010. Freezes on at-will and classified WMS salaries continue through June 30, 2011. (SHB 2998 and SSB 6382). As a result, no performance awards have been granted after February 15, 2010 with the exception of awards allowed by statute or part of collective bargaining agreements. No at-will or classified WMS employee salary increases have been granted for performance.

The Executive Summary shows this information at a high level. More detailed information and data for each state agency is provided in Sections A and B of this report.

Number of State Employees (Section A)

The classified workforce are those covered by the civil service law (RCW 41.06) or similar statutory provisions. The classified workforce includes Washington Management Service (WMS). At-will personnel are those who are exempt from civil service laws, and include managers as well as non-managerial employees. As of June 30, 2010, 94.8 percent of the workforce was classified and 5.2 percent was at-will.

	Classified Workforce			At-Will Workforce			OVERALL TOTAL
	Classified Employees	Classified WMS	Total Classified	At-will Employees	At-will Managers	Total At-will	
2008	58,095	4,713	62,808	2,616	1,290	3,906	66,714
2009	57,131	4,511	61,642	2,396	1,252	3,648	65,290
2010	56,277	4,303	60,580	2,183	1,111	3,294	63,874

The total Executive Branch workforce declined by 4.3 percent between June 30, 2008 and June 30, 2010. During the same time period, WMS declined by 8.7 percent and at-will managers declined by 13.9 percent

Within WMS, about three-fourths supervise other staff, while the rest (978) are high level program and policy experts as defined in RCW 41.06.022. As a proportion of the workforce, WMS has steadily declined over the past four years. In FY 2005 it was 8.5 percent; in FY 2010 it was 6.7 percent.

Section A of this report contains detailed information on state workforce headcount.

Performance-Based Incentives and Recognition (Section B)

There is no clear definition in law or rule of the terms “performance-based incentives” or “bonuses”. For purposes of this report, the Department of Personnel interprets these terms to mean cash awards or lump sum payments that appointing authorities have discretion to grant to employees in recognition of special job performance, outstanding achievements, and special accomplishments. Such payments do not become a permanent addition to base pay.

Legislation enacted in February 2009 prohibited any wage or salary increase for managers or at-will employees for one year. Substitute Senate Bill 6382, enacted during the 2010 legislative session, continued the prohibition on wage and salary increases, and along with Substitute House Bill 2998, also placed moratoriums on most types of monetary recognition awards from February 15, 2010 through June 30, 2011.

In comparison to the previous reporting period (FY09) the number of awards granted and total amount of awards each declined by over 88 percent for FY10 (July1, 2009 – June 30, 2010).

During FY 2010, 14 agencies gave cash awards to their employees. Award amounts were as follows:

- 1,096 awards were made, totaling \$205,436. This is 0.01 percent of the state’s annual payroll.
- The average award amount was \$187; the most frequent amount awarded (mode) was \$100; and awards ranged from \$9 to \$1,250.
- In general, 1.7 percent of the workforce received an award. Note, however, that some individual employees received more than one award during the FY 2010 time period.

Statute and rule provide the authority for these awards. In addition, collective bargaining agreements for Washington State Troopers provide for specific recognition awards. Outlined in Section B of this report is the legal authority and description of the types of awards.

Washington Management Service (WMS) - Growth and Development Increases

No WMS Growth and Development Increases were granted during FY 2010

Most general service classified employees (non-WMS) receive incremental salary increases each year until they reach the top of their salary range. These increases are automatic and are a permanent addition to base pay. Classified WMS employees do not receive automatic incremental increases. Rather, the appointing authority has discretion to grant WMS employees a progression increase. Progression increases are added to base salary due to “growth and development” in the job as authorized by WAC 357-58-095(1).

ESHB 2049 does not require inclusion of data on WMS growth and development increases in this annual report. However, in the spirit of transparency, the Department of Personnel included this information in the previous report since it is a discretionary increase to WMS salaries and based, in part, on performance.

Engrossed Substitute Senate Bill 5460, enacted during the 2009 session, placed a moratorium on any type of salary increase for all WMS and at-will employees until February 2010. Further legislation enacted during 2010 extended this moratorium through June 2011.

Section A: Number of State Employees

Section A provides detailed information about the number of state employees using actual headcount data – not positions or FTE's. Comparison data is provided for FY 2008, FY 2009 and FY 2010 as of June 30 (the last day of each fiscal year).

Types of Employment

Overall, state employees are either “classified” or “at-will”. Classified employees are those who are subject to the civil service law, RCW 41.06, or similar statutory provisions. At-will employees are those who are exempt from civil service provisions, and serve at the pleasure of the appointing authority.

Classified employees make up 94.8 percent of the executive branch workforce, of which unions represent three-quarters. Washington Management Service (WMS) employees are in the classified service, but are not represented.

At-will personnel make up 5.2 percent of the workforce. Non-managerial at-will employees include Assistant Attorneys General, seasonal workers, executive support, and various others. At-will managers include elected and appointed officials and agency senior managers. The at-will workforce is not represented.

Section B: Performance-Based Incentives & Recognition

Section B details the number of awards given to state agency employees, the base wages of those employees and the cost of each award. Information is for FY 2010 (July 1, 2009 through June 30, 2010).

There is no clear definition in law or rule of the terms “performance-based incentives” and “bonuses”. For purposes of this report, the Department of Personnel (DOP) interprets these terms to mean cash awards or lump sum payments that appointing authorities have discretion to grant to employees in recognition of special job performance, outstanding achievements, and special accomplishments. Such payments do not become a permanent addition to base pay.

During FY 2010, 14 agencies presented awards to their employees. Award amounts were as follows:

- 1,096 awards were made, totaling \$205,436. This is 0.01 percent of the state’s annual payroll.
- The average award amount was \$187; the most frequent amount awarded (mode) was \$100; and awards ranged from \$9 to \$1,250.
- In general, 1.7 percent of the workforce received an award. Note, however, that some individual employees received more than one award during the FY 2010 time period.

A moratorium (SHB 2998) on monetary performance awards was effective February 15, 2010. **No performance awards have been granted after February 15, 2010 with the exception of awards allowed by statute or part of collective bargaining agreements.**

In comparison to the previous reporting period (FY09) the number of awards granted and total amount of awards each declined by over 88%.

Types of Awards

The authority to provide these awards is found in both statute and rule. In addition, collective bargaining agreements for Washington State Troopers provides for specific recognition awards.
